

Dilorom 'Delia' Sass, PhD

Postdoctoral Fellow
NIH Campus, Bethesda

Education

Ph.D., Nursing, University of Nebraska Medical Center
B.A., Business Administration with minor in Finance, Bellevue University
B.S., Nursing, University of Nebraska Medical Center

Scientific Interests

My scientific interests are aging and sex differences in cancer symptoms and symptom clusters as well as biomarker levels, particularly extracellular vesicle/exosome associated proteins.

I applied to iCURE because...

I applied to iCURE for the opportunity to develop my program of research in a place with a diverse and strong scientific community and opportunities to grow professionally as I transition towards research independence.

My favorite traditions/holidays...

My favorite Tajik cultural tradition is Navruz, that is a Tajik New Year, that celebrates the onset of Spring and favorite American holiday is Thanksgiving.

My hometown is...

I was born in Dushanbe, Tajikistan. We moved to Khujand, Tajikistan when I was 13 and lived there until the age of 19.

In my spare time, I enjoy...

I really love hiking and spending time with my husband and almost 2-year old daughter.

A few of my favorite things...

- Two of my favorite American TV shows are Golden Girls and Friends.
- My favorite place I have visited is Turkey
- My favorite poem "A Letter to Mother" by Sergei Esenin
