

Macy L. Stockdill, PhD

Postdoctoral Fellow
NIH Campus, Bethesda

Education

Ph.D., Nursing, University of Alabama at Birmingham

BSN, Nursing, University of Alabama at Birmingham

Scientific Interests

Symptom burden and patient reported outcomes; Interplay between care recipient and caregiver related factors and how they affect the health outcomes of both members of the care recipient/caregiver dyad

I applied to iCURE because...

I applied to iCURE because of the amazing opportunities and support network that the program offers. I was incredibly inspired by on-going work and collaborations at NCI and hope to use the amazing learning experience to help others.

My favorite traditions/holidays...

Christmas

My hometown is...

Birmingham, Alabama

In my spare time, I enjoy...

In my spare time I enjoy reading, hanging out with my two cats, and visiting tourist traps.

A few of my favorite things...

- Favorite Candy: M&Ms
- Favorite Movie Genre: Horror
- Favorite Place: Disney World
